

WHAT'S GOING ON IN EAST NEW YORK?

SPRING 2020

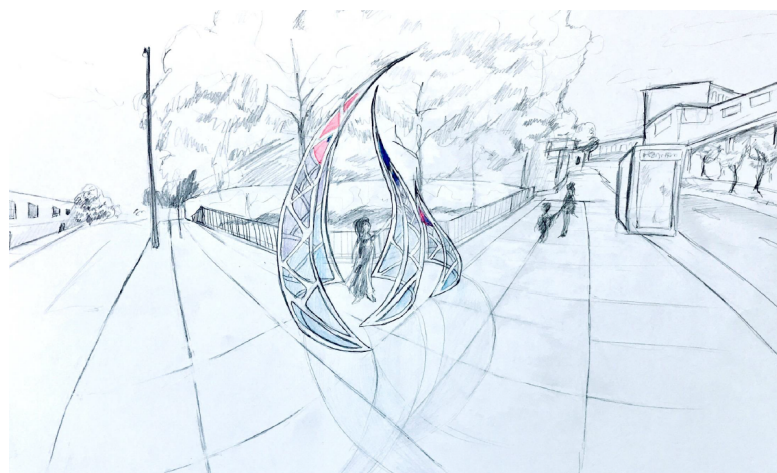

NEIGHBORHOOD 360 PROGRAM

NEIGHBORHOOD 360

Gates of Atlantic

This Summer, we are rolling out our Gates of Atlantic project. We are connecting 8 local businesses with artists from around the city to create and install beautiful works of art on 13 roll-down security gates. Partnering with Culture, Lifestyle, Progress to recruit local artists, we are excited to bring this open-air art gallery to Atlantic Avenue.

'Skywaves' Sculpture

Fabrication of the "Skywaves" art sculpture is underway. The sculpture, created by renowned artist Julia Sinelnikova, will be installed at Broadway Junction on the corner of Van Sinderen Avenue and Fulton Street.

Clean and Green East New York

Clean And Green East New York, our Cleanliness and Beautification project, continues into this Spring and Summer. As part of the program, we are continuing with our Liberty Avenue tree pit revitalization project by installing flowers and plants in 20 additional tree pits on Liberty Avenue this May.

To help keep the neighborhood clean, we will be rolling out anti-litter posters and stickers throughout the neighborhood. These bright, colorful posters and stickers are fun, friendly reminders that we all need to do our part to keep the streets litter-free.
